Water Line Installation Will Delay Traffic on Broadway, East of Houghton

Installation and tie-in of a new potable water line will lead to minor traffic delays along Broadway Blvd., east of Houghton Rd., during daylight hours from Tuesday, January 7, through Friday, January 10.

The eastbound and westbound lanes of Broadway will be affected between Houghton and Happy Valley Saddle Drive. During the project work hours, only one lane of travel will be open. Motorists can expect delays, but there will not be any detours. Drivers are asked to reduce their speeds to help ensure worker safety.

Tucson Water customers in this area have been notified of the work.
